9TH ANNUAL CONFERENCE ON ADOLESCENT HEALTH

The Annual Conference on Adolescent Health is centered on supporting and educating an interdisciplinary audience. For this year's fully virtual event, we received 73 proposal submissions from 22 states and six countries. 19 of those proposals were submitted by a young person between the ages of 12 and 24.

100% of the sessions at this year's event will be co-facilitated by youth, and the planning of the Conference is guided by the AHI Teen Advisory Council (**TAC TAC**). The fully virtual 2021 Conference brought together 875 attendees.
