10TH ANNUAL CONFERENCE ON ADOLESCENT HEALTH

I'm thrilled to invite you to the **10th Annual Conference on Adolescent Health**. Our biggest event of the year will gather over 450 participants, in person and online, from a variety of practice areas and backgrounds. What brings this group together, however, is their commitment to the Adolescent Health Initiative's vision: **to transform the health care landscape to optimize adolescent health and well-being**.

Our youth have had to show extraordinary resilience in recent years, but it encourages me that so many health care professionals are coming together to share evidence-based research and best practices to support this population. One of our guiding principles for the Conference is to **center youth voices** so they can advocate for their own needs; this year, 20% of our presenters are youth ages 12–24.

Our sponsors and exhibitors are important partners in this work. By joining us, you can connect with a diverse group of health care professionals and further AHI's mission to enhance adolescent health care.

In partnership,

—**DANA L. THOMAS, MPH**

Director, Adolescent Health Initiative
She/Her

10TH ANNUAL CONFERENCE ON ADOLESCENT HEALTH

The Annual Conference on Adolescent Health

is centered on supporting and educating an interdisciplinary audience to share research and best practices aimed at improving adolescent-centered care. For this year's hybrid event, we received 88 proposal submissions from 17 states and three countries. Of these proposals, 22.7% were submitted with a young person between the ages of 12 and 24 as a presenter or co-presenter.

The planning of the Conference is guided by young people on the **AHI Teen Advisory Council** (TAC TAC). The in-person portion of the conference will be held in Ann Arbor, MI at the Morris Lawrence Building at Washtenaw Community College.

Each year, the event hosts over 450 attendees from nearly all 50 states and a growing international community.

We acknowledge that we reside on land stewarded by Niswilshkodewan Anishinaabeg: The Three Fires People who are the Ojibwe, Odawa, and Bodewadmi (Potawatomi). We recognize the ongoing effects of colonization and affirm the inherent sovereignty of all Tribal Nations as we work, learn, and live on these territories. We value and respect the Three Fires People – those who came before us, those who are here with us today, and those that will follow.
